Energy transition in the regional and international context

Insights and perspectives from Germany
for our shared challenges

Westenergie AG · Dii Desert Energy Leadership Summit · 11 November 2021

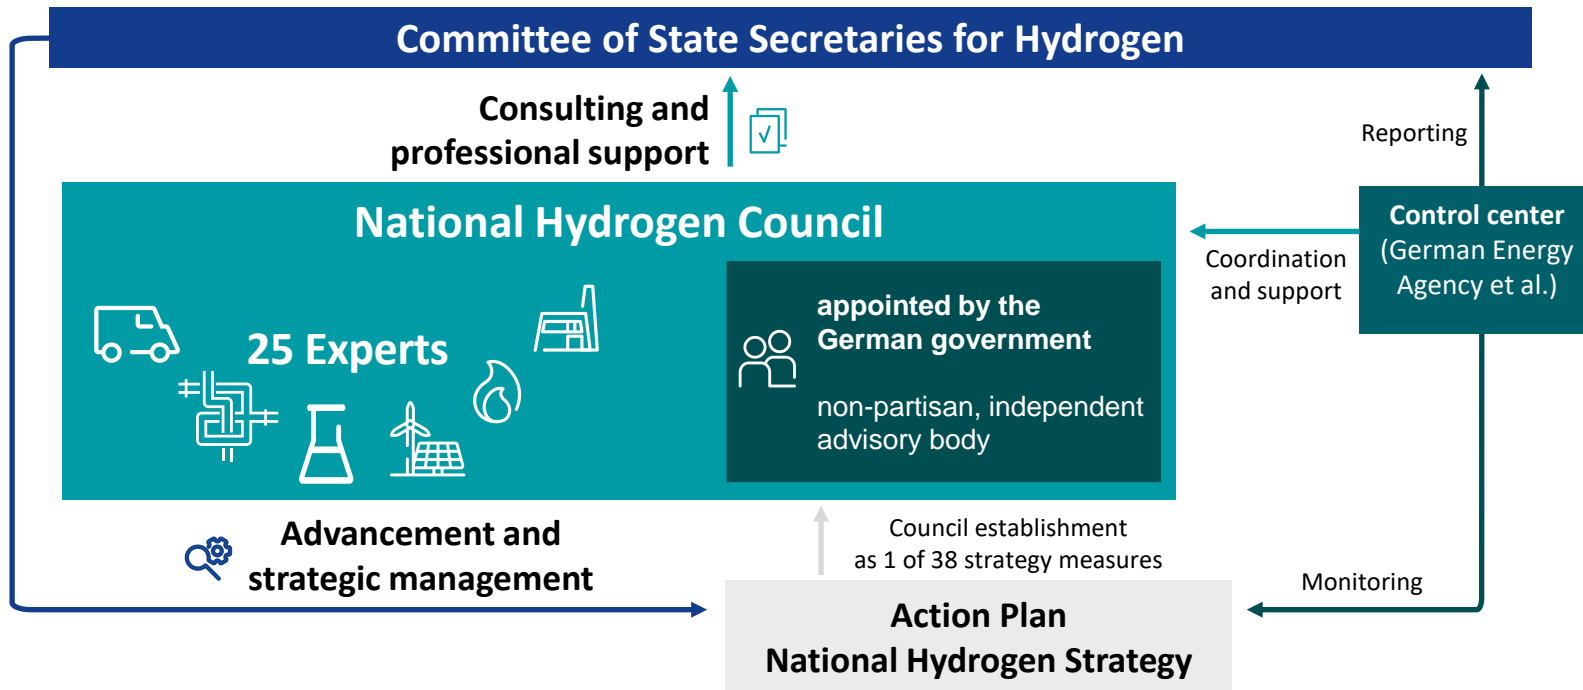

“Hydrogen’s moment is here
at last.”

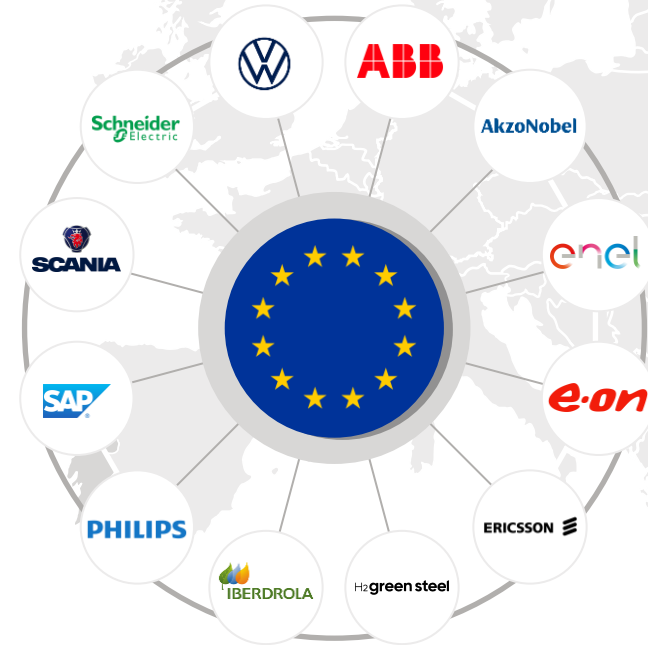

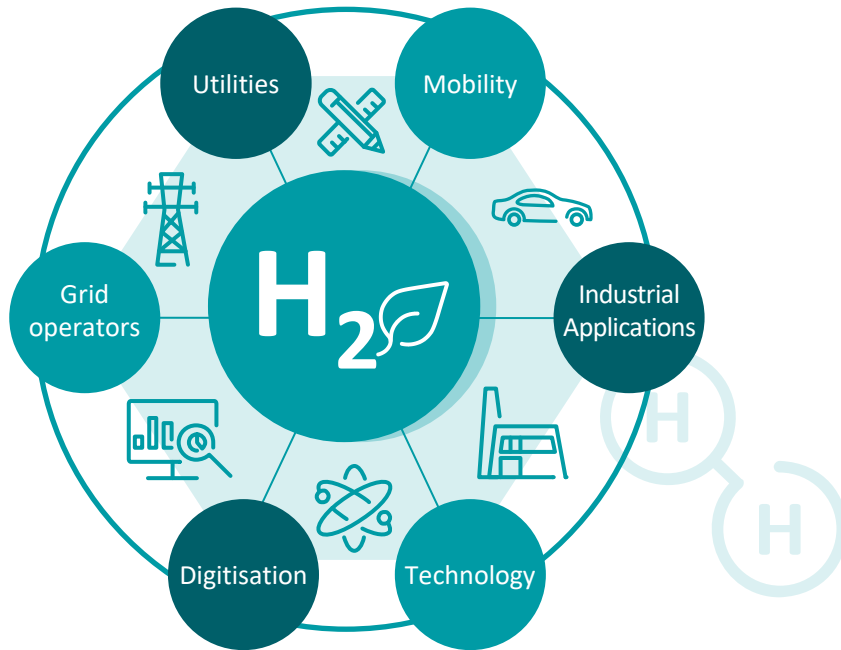

The Economist

Germany's National Hydrogen Council: constructive-minded government advisors

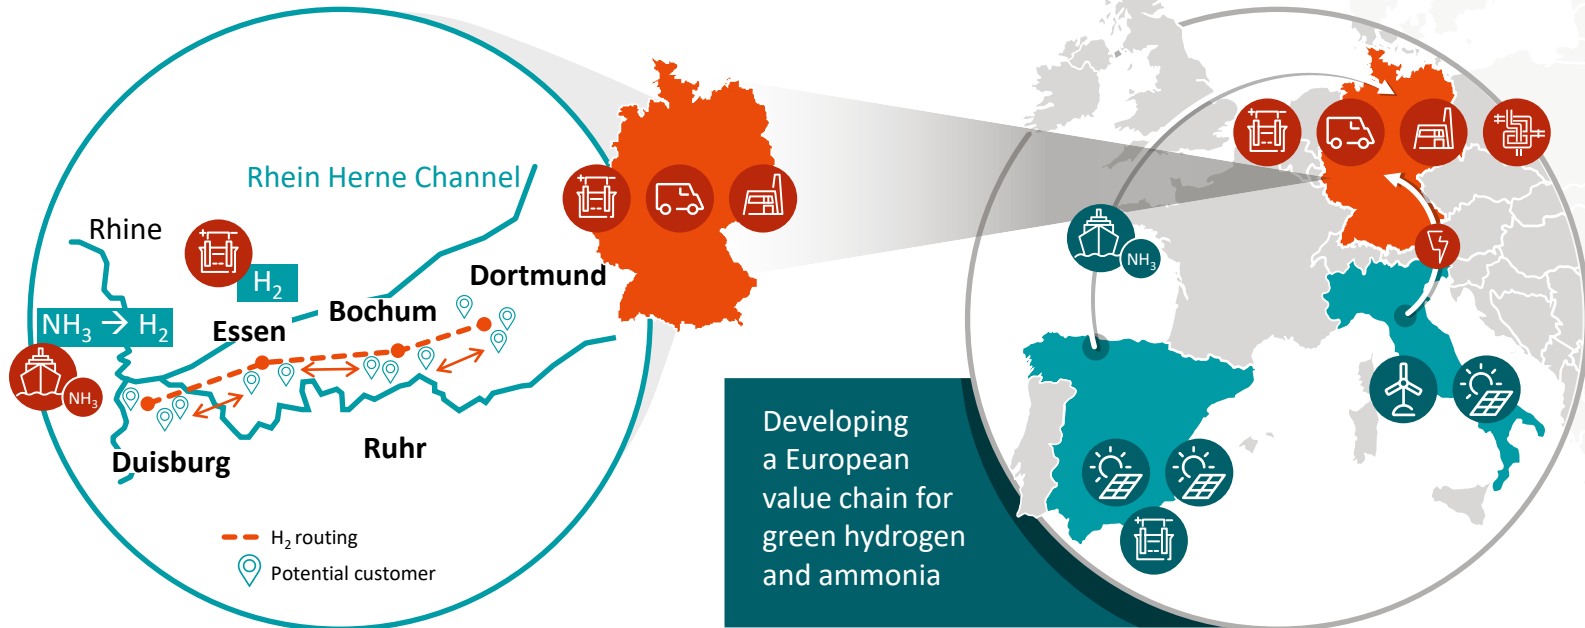

CEO Alliance for Europe's Recovery, Reform and Resilience: from think-tank to action-tank

New alliances around the world: building and diversifying bilateral partnerships

Germany has close ties to the **MENA region** – let's foster them!

Source: World Energy Council, modified from German Member Committee map, 2021 (cropped and rebuilt, Germany to UAE added after recent announcement)

Hydrogen's moment is here at last.

Let's build new bridges
and embark on new partnerships!
